

### READING

#### Dan Buchanan

I am a married father of two girls with a degree in Sport Rehabilitation and a BTEC Level 5 Diploma in Sport and Remedial Massage Therapy.

Having worked previously in private practice and part time for various sports teams I now work full time at Reading FC as the soft tissue therapist. Although relatively new to the SMA I have found great benefit in sharing ideas and experiences with other therapists.

I decided to volunteer myself as a Regional Director as I'd like to help facilitate this further in the Berkshire area, and in particular be a point of reference for new SMA members. One of my hopes is to establish a twice yearly meeting where members in our region can get together and support each other in a more structured way'.
